

## JULY, 2018

● Check out the new look of the search results and article pages on **World Book Student**. They look even better on mobile devices!

● Your improved search results are powered by an updated search mechanism that includes **predictive search**. In addition, the **Advanced search** has been simplified to quickly help you find what you are looking for.

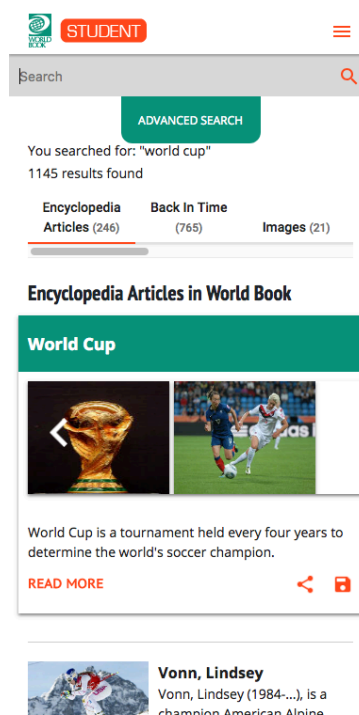

● Now, **article pages** include a visible outline (as requested by YOU – our customers!), larger media and a streamlined design.

● Promote collaboration by encouraging students to save content to **Microsoft One Drive** as well as to Google Drive and Google Classroom.

● Free ongoing support has gotten even better with the revamped [World Book Training & Support](#). The site now includes new resources designed to help you get the most out of your *World Book Online* subscription.

● Integrate *World Book Online* with **Schoology**, **Clever**, or **ClassLink** to provide seamless single sign-on for students and teachers.
